

Provide Your Input on Community Programs & Services for Older Adults

Many community programs and services for older adults are supported through the Manitoba government's Support Services to Seniors program. This includes congregate meal programs, transportation programs, information and referrals, seniors' centres, Senior Supports in Group Living, health and wellness programs, home maintenance programs, and more.

The province has partnered with Optimus SBR, an independent consulting firm, to evaluate the program.

You can provide your input in 2 ways:
